ESTATE

Wine is a family tradition in Romy family. It all began in 1700 in the south of Burgundy, in the region known as PIERRES DORÉES. The estate's philosophy is to work in the most appropriate way, using sustainable/organic farming practices to preserve the environment. Nicolas is typical of the new generation of winemakers who are making the region more dynamic. The estate encompasses 25 hectares of vines.

SOIL & VINEYARD

The estate is located in the Pierres Dorées region, with ochre/yellow clay and limestone soil. This region has been renowned for producing great white since the 19th century.

VINIFICATION & AGEING

Burgundy vinification method in stainless steel vats to maintain the freshness of the Chardonnay grape variety. After fermentation the wine is aged on fine lees for 6 months, which adds complexity.
